

MH MOHAMED NATHEER

**JUNIOR WEB
DEVELOPER**

ABOUT ME

As a passionate undergraduate student at Gampaha Wickramarachchi University, I am committed to the pursuit of excellence in technology and coding. I am eager to leverage my solid foundation in web development, backed by hands-on projects and academic rigor, to contribute effectively as a junior web developer. With three years of adept use of Microsoft Office and a refined skill set in creating compelling descriptions on Fiverr, I am poised to bring innovation and dedication to cutting-edge software development projects.

EXPERIENCE

Self Employed

Jan 2021 - present

- During my internship as a Junior Data Analyst at BT/KK/Chenkalady Central College (April 2024 - July 2024), I utilized data analysis techniques to support various academic projects. I gained hands-on experience in data collection, cleaning, and visualization, which contributed to informed decision-making processes within the institution.

Junior Data Analysis | Internship

Apr 2024 - July 2024

- During my internship at CO-OP Hospital (January 2023 - June 2023), I efficiently managed data entry tasks, ensuring accurate and timely updating of patient records. I also assisted in organizing and maintaining electronic health records, contributing to improved data management and patient care.
